ACT QUICKLY! Check through this list and mark the titles you have always wanted to read and own. Surprised by the number? The fact is, these are the greatest books of all time. And in the exquisite new Modern Library editions they are, according to the conservative *New York Times*, "The greatest book bargain in all the world today." These are the times to read good books. Why waste time reading trash when you can read the best at so low a cost? Some of these volumes will not be reprinted when the present stocks are sold; and there's a question as to how long we can continue to sell the others at the present low prices. Every one of these titles originally sold at \$2 to \$10 a copy. Now they are offered, complete and unabridged, beautifully printed and bound, for only a fraction of their former prices. *Don't delay!* Make your selection now. See the coupon below.
